EARLY INTERVENTION FOR CHILDREN BIRTH TO AGE THREE PROCEDURE**

I. ROLE OF EARLY INTERVENTION

The Erie County Board of Developmental Disabilities (The Board) is responsible for the implementation of all the components of DODD Early Intervention rule 5123-10-01 through 5123-10-04 per contract with Erie County's Family and Children First Council (FCFC). The Board's Early Intervention (EI) supports and services serve as an option for services for families whose children are eligible based on a diagnosed physical or mental condition or established developmental delay or disability as determined by the Ohio Department of Developmental Disabilities (DODD). Eligibility for Board EI services and EI Service Coordination is the same.

The Board shall collaborate with other community agencies including the Family and Children First Council, so that services are collaborative, build upon family strengths, and respond to families' needs in meaningful ways.

II. PROGRAM CONSENT

A. Early Intervention services utilize a Primary Service Provider approach to teaming and is based on Early Intervention Evidence Based Practices. Early Intervention Services shall include the following:

1. Special Instruction provided by Board certified staff employed by the Erie County Board of Developmental Disabilities and certified by the State Department of Developmental Disabilities (DODD) meeting the federal and state Early Intervention DODD requirements.
2. PLAY Project curriculum (when appropriate and available) by certified PLAY project consultants.
3. Family support services such as coordination of community events/opportunities and access to related early childhood resources.
4. Early Intervention Service Coordination as determined by Ohio Department of Developmental Disabilities (DODD) and current rules set forth in DODD Early Intervention 5123-10-01 through 5123-10-04.
 - a. The Erie County Board of Developmental Disabilities shall ensure that a DODD credentialed Service Coordinator is available for each of the children/families enrolled in Early Intervention. The Erie County Board of DD will ensure that families eligible for Early Intervention will be assigned one service coordinator per family at any given time.

III. DESCRIPTION OF SERVICES

A. **The Board's Early Intervention (EI) services and Service Coordination are based on the following seven premises:**

1. Family-centered and community based (i.e. responsive to priorities and needs of the family, and provided in natural environments).
2. Coordination with families, other community agencies, the Family and Children First Council (FCFC), and related child serving agencies, so that services are collaborative, accessible, and build upon family strengths and priorities.
3. Culturally sensitive to diverse beliefs, values, and family structures.
4. Empowers families and supports individual parents/caregivers in supporting their child.
5. Service Coordination of Early Intervention services.
6. Organized upon a framework of child find and eligibility determination, family involvement and support, trans-disciplinary evaluation/assessment,

specialized early intervention services, Individualized Family Service Plan (IFSP) process, service coordination, parents rights/ procedural safeguards, and a comprehensive system of personnel development.

7. Future-orientation to reflect transition toward the next environment, including linking with local education agencies serving preschool children.

B. The Board's Early Intervention Services take an active role in the provision of:

1. **Outreach/Child find/Intake:** The Early Intervention supervisor will participate in FCFC meetings to collaborate with other community agencies and provide updated referral information. The Early Intervention supervisor will also be responsible for assuring that the intake process is complete and timely in accordance with current rules and will assure involvement in community events to identify children/families who may be eligible for EI services.
2. **Parent's Rights and Due Process:** *EI Parent's Rights* brochure, and *Erie County Board's Guidelines for Resolving Concerns and Administrative Resolution of Complaints* are given to all families upon entry into the EI program, usually at the first home visit during intake. Parents sign the Consent for Screening, Evaluation, and Assessment as applicable. Parents receive a Parents Rights brochure initially and at every IFSP review thereafter, and at a minimum of every 180 days.
3. **Evaluations & Assessments:** All children entering the program with a suspected delay in 1 or more of the 5 developmental domains (physical, cognitive, communication, social-emotional, adaptive) will be evaluated/assessed using the Battelle Developmental Inventory III tool to determine eligibility and a child assessment will be conducted to assist in program planning. A family directed assessment will be offered to all families and completed within 45 calendar days of the program referral. Family Directed Assessments are not required, and families can opt out of completing this with their Early Intervention team.
4. **EI Service Coordination and Individualized Family Service Plans (IFSP):** Service Coordinators, in collaboration with the Early Intervention team, will develop the IFSP with families within the first 45 calendar days of program referral. To be considered timely, the services indicated on the IFSP will begin within 30 days of the date the IFSP is signed by the parent/caregiver. Also, the IFSP will be reviewed at least every 180 days, or more frequently, dependent upon the child's needs, family/team request, and in accordance with DODD Rule.
5. **Family Support:** The Early Intervention program offers community group opportunities at least once per quarter, to encourage family-to-family support.
6. **Ongoing Service Coordination:** Ongoing Service Coordination will be provided to eligible families. Frequency will be determined by the needs and priorities set forth by the Early Intervention team, including the family.
7. **Ongoing Early Intervention Services:** The Early Intervention program will offer evidence based Early Intervention services using a Primary Service Provider approach to teaming to all eligible families. Early Intervention services will occur in a child's natural environment and be focused on achieving functional outcomes set forth in the child's Individualized Family Service Plan (IFSP).
